11th Annual “Great Strides Together”

21st Century Oncology Developments for the APP/RN/Physician Team

Zeina A. Nahleh, MD, FACP

FLASCO Board of Directors Member and Program Co-Vice Chairman
Cancer Center Director and Department Chair Hematology-Oncology
Cleveland Clinic Florida

BIOGRAPHY: Dr. Nahleh is Chair of the Department of Hematology-Oncology and Director of the Cleveland Clinic Florida Maroone Cancer Center. Dr. Nahleh is a member of the American cancer Society (ASCO) Clinical Practice Guidelines Committee. She was previously Professor of Medicine and Chief of the Division of Hematology-Oncology at the Texas Tech University Health Sciences Center and prior to that Associate Professor and Co-Leader of the Breast Cancer Multidisciplinary team at the Wayne State University-Barbara Ann Karmanos Cancer Institute.

Dr. Nahleh subspecializes in breast cancer and has special interests in cancer survivorship and disparities. She is a certified principal investigator (CPI) by the Academy of Clinical Research Professionals. Her research interests were funded by the National Cancer Institute (NCI), the Cancer Prevention Institute of Texas and other scientific agencies. She served as a principal investigator in the SWOG oncology cooperative group and has authored national protocols in breast cancer neoadjuvant therapy and male breast cancer. She served on the NCI Neoadjuvant and Metastatic Breast Committees. Dr. Nahleh has received numerous awards, including the Barbara Ann Karmanos Hero of Breast Cancer Award for Scientific Distinction, the TTUHSC Dean's Excellence in Research Award as well as the Distinguished Chancellor's Council Award for Research. She has authored and co-authored numerous articles, book chapters and books in the field of cancer and breast cancer research, and has presented at national and international cancer meetings. She serves on the editorial board of numerous medical journals. She has a double American board certification in hematology and oncology.

Great Strides Together Program Chairman

Cheryl Habaue, MSN, RN, CCRP

Nursing/Navigator Track Chairman, Florida Society of Clinical Oncology
Clinical Research Nurse

BIOGRAPHY: Cheryl Habaue received her BSN from Mount Mercy College in Cedar Rapids, Iowa and MSN from Chamberlain College of Nursing. She has been in research for the past 7 years working on studies related to all cancers including but not limited to Lung, Breast, GI, GYN, GBM, Leukemia, Multiple Myeloma, Lymphoma, Head and Neck, as well as Sarcomas and

Melanomas. Cheryl currently works on phase I-IV clinical trials, focusing on trial management, process improvement and project management.

Great Strides Together Program Vice Chairman

Jessica McMillan, DNP, FNP, APRN-BC

Breast Cancer Treatment and Prevention Program
Mayo Clinic Florida

BIOGRAPHY: Dr. McMillan has been a member of the Mayo Clinic staff since 1998, in multiple roles. Currently, she serves as an Advance Practice Provider in the Department of Hematology/Oncology since 2010. She has also worked as a Clinical Nurse Educator and Charge Nurse/Team Leader in the surgical Intensive Care Unit. Dr. McMillan obtained her family Nurse Practitioner Certification from the University of North Florida in 2009, and went on to obtain her Doctorate of Nursing in Family Practice with a Sub-specialty in Palliative Medicine in 2015. She serves as a preceptor for physician assistant and nurse practitioner students at Mayo Clinic Florida School of Medicine. She also works as an Adjuvant Instructor for the University of North Florida where she inspires and mentors future nurses. She is very active with the Florida Society of Clinical Oncology and the Northeast Florida Advance Nurse Practitioner Association. Within the Division of Hematology/Oncology, she specializes in Gastrointestinal Malignancies but serves as a resource in all areas of solid tumors for her fellow colleagues. Her passion is patient care and education. She feels very fortunate to work with cancer patients where she able to utilize her skills and education to forge relationships for patients who face uncertain futures.

CAR-T Cell Therapy

8:00am – 8:50am

Moderator

Mayra Lima, MSN, APRN, FNP-C

FLASCO Great Strides Together Planning Member
Breast Cancer Treatment and Prevention Program
Sylvester Comprehensive Cancer Center
University of Miami

BIOGRAPHY: Mayra Lima has been a Registered Nurse since 1985 (34 years). She has worked in many different roles such as ER, Ophthalmology, Surgery, Disease Case Management, and Director of Nursing. She accomplished this all the while continuing her education and completing her Bachelor's degree at FIU, followed by the Masters in Nursing Science and Family Nurse Practitioner with a Certificate in Gerontology by December of 2000. As a nurse practitioner, Ms. Lima has dedicated her work to oncology and solid tumors in GI and Research at University of Miami, Sylvester. Ms. Lima decided to dedicate herself to helping those with breast cancer once she became a survivor of breast cancer herself. She has worked with breast cancer patients for the past 13 +years. Recently she relocated from the Memorial Breast Cancer Center to the Sylvester Breast Cancer Center in Plantation. In her personal life, she loves to travel, arts & crafts, dancing, music and all within the context of her family. Ms. Lima's survival of breast cancer propelled her to do half marathons. Since 2007 she has completed 16. Ms. Lima also has a love of knowledge; she is a recent alumna of the Cancer Genetics Risk Assessment Program.

Krishna Komanduri, MD

Medical Director, Adult Stem Cell Transplant Program
Professor of Medicine, Microbiology and Immunology
Sylvester Comprehensive Cancer Center
University of Miami

BIOGRAPHY: Dr. Komanduri holds the Kalish Family Chair in Stem Cell Transplantation and is Professor of Medicine, Microbiology & Immunology and is the Director of the Adult Stem Cell Transplant Program and Associate Director for Clinical Innovation at the Sylvester Comprehensive Cancer Center at the University of Miami Miller School of Medicine. He has been appointed inaugural Chair of the newly created Division of Transplantation and Cellular Therapy.

Dr. Komanduri received his undergraduate education at MIT (1987), his MD at the University of Minnesota Medical School (1991) and trained at UCLA (in Internal Medicine) and UCSF (in Hematology/Oncology). Prior to moving to Miami in 2008, he was a faculty member at UCSF and at the University of Texas M.D. Anderson Cancer Center. His laboratory research is focused on studies of cancer immunology and has been widely published and supported by the NIH and cancer-related foundations.

Dr. Komanduri served as the 2017-18 President of the American Society for Transplantation and Cellular Therapy (formerly the ASBMT). He serves as Co-Chair of the CIBMTR Working Committee on Infections and Immune Reconstitution and as a member of the Board of Directors of the National Marrow Donor Program (BeTheMatch) and as a member of the MIT NEWDIGS "think and do" tank on financing of novel curative therapies in oncology. He has also served as Chair of the Immunology and Host Defense Scientific Committee for the American Society of Hematology and as a clinical expert for the Institute for Clinical and Economic Review Policy Roundtable on CAR-T Therapies. Dr. Komanduri co-chaired the 2018 ASBMT consensus conference on grading and reporting of toxicities for CAR-T cell therapies and continues to serve as co-chair of the ASBMT Committee on Cellular Therapies. He has been the recipient of awards including election to the American Society for Clinical Investigation (in 2009).

PEPTIDE RECEPTOR RADIONUCLIDE THERAPY (PRRT)

8:55am – 9:35am

Moderator

Nancy Pitruzzello, DNP, APNP, CPAN

Mayo Clinic Florida

BIOGRAPHY: Dr. Nancy E. Pitruzzello APRN has been a member of the St. Luke's- Mayo Clinic staff since 1981. Currently, she serves as an Advanced Practice Provider in the Department of Perioperative Medicine. She has been in this role since 2010. She has also served in numerous Nursing roles such as staff nurse on various units and a Team leader in the perioperative department. Prior to nursing, she functioned as laboratory secretary, File clerk and then office insurance biller for Medicare and Medicaid.

Dr. Pitruzzello obtained her Family Nurse Practitioner Certification from the University of North Florida in 2009. She continued her education at the University of South Alabama and received her doctorate in Advance Practice in 2015. She serves as a preceptor for nurse practitioner students at Mayo Clinic Florida School of Medicine. Additionally, for the last nineteen years she has worked as an adjunct instructor for the University of North Florida where she motivates and mentors future nurses. She is the Treasurer and a Board Member for the North East Florida Advanced Nurse Practitioner Association and works closely with the Association of Perioperative Nurses.

Dr. Pitruzzello is passionate about education. She has mentored numerous students from a variety of National Nursing Educational Institutions. She frequently will be found giving in-services and presentations to local and state nursing organizations. One of her crowing moments was achieving the honor of Mentor of the year for the Florida Nurses Association. Dr. Pitruzzello is serious about making sure the next generations of nurses are ready for the coming challenges.

Pashtoon M. Kasi, MBBS, MD, MS

Assistant Professor of Oncology
University of Iowa

BIOGRAPHY: Dr. Kasi is an Assistant Professor at the college of medicine and oncology at the University of Iowa with strong interest in gastrointestinal cancers, circulating tumor DNA testing (ctDNA – Liquid Biopsies), pharmacogenomics and individualized medicine.

Dr. Kasi did his internal medicine training at University of Pittsburgh, followed by hematology/oncology fellowship at Mayo Clinic, Rochester before joining as faculty at Mayo Clinic in Florida. In parallel, Dr. Kasi received a post-doctoral Master's in Clinical and Translational Science from Mayo School of Graduate Medical Education. This has allowed him to continue ongoing research and trials while taking care of patients with GI cancers.

Ashton Ritter, PA-C

Mayo Clinic, Florida

BIOGRAPHY: Miss Ritter joined Mayo Clinic upon graduation from Wake Forest School of Medicine in 2016. She has focused her clinical scope by working with the dynamic GI Oncology group – treating patients with all gastrointestinal malignancies. She continues to be involved in Advanced Practice Provider Hematology Oncology education and serves as a preceptor to many Nurse Practitioners, Physician Assistants, and medical students.

IMMUNOTHERAPY: TREATING LUNG CANCER AND THE IMPORTANCE OF LUNG CANCER SCREENING

10:15am – 11:15am

Moderator

Ana Rosa Espinosa, DNP, MBA, RN, OCN®

Memorial Healthcare System

BIOGRAPHY: Dr. Ana Rosa Espinosa is the Administrative Director of the Oncology Clinical Services at Memorial Cancer Institute. In her role she oversees the practice of all nursing and ARNP's. She is an exceptional Nursing Director with extensive education in nursing as well as business development skills. She has been in the oncology field for most of her long nursing career, and is Oncology Certified. She has a Doctor of Nursing Practice from the University of Miami, a Master's in Business from Nova Southeastern University and a Bachelor's in Nursing from Barry University. She is a speaker, has published several nursing articles and has an interest in nursing research. She is a promoter of higher education and supporter of nursing research and evidence-based practice. Prior to joining Memorial Cancer Institute, she was the Nursing Director for the Outpatient Clinics at Sylvester Comprehensive Cancer Center. She is a member of the Florida Nursing Association and the Oncology Nursing Society. She is an active member in her community and is involved in many cancer events.

Gelenis Domingo, MD

Memorial Healthcare System

BIOGRAPHY: Dr. Gelenis Domingo is a hematologist-oncologist at Memorial Cancer Institute. She treats patients with a variety of cancers, including hematological malignancies (such as lymphoma and leukemia), blood benign hematology diseases, solid organ tumors (including breast, lung, prostate, and colon cancer) and also cares for patients with anemia in pregnancy.

Dr. Domingo was drawn to the oncology field by the unique relationships that often develop between patients and their doctors, and the ongoing discoveries and opportunity in cancer treatment. She believes every patient has a story and makes it her priority to get to know her patients so she can offer the best guidance and support as they fight the disease.

Dr. Domingo earned her medical degree at the University of South Florida College of Medicine in Tampa, Florida. She completed an internal medicine residency at Jackson Memorial Hospital and a hematology/oncology fellowship at the University of Illinois at Chicago.

Paola Izquierdo, FBC-APRN, BSN, RN

Memorial Healthcare System

BIOGRAPHY: Paola Izquierdo is the APRN of Thoracic Tumors at Memorial Cancer System in Pembroke Pines, FL. She is a physician in Colombia and received her BSN/FNP Magna Cum Laude degree from Florida International University, FL. She has been working in oncology for the past 5 years as a RN and now as an APRN. Paola has published an abstract for ASCO 2018 and also participated as a speaker on Best of ASCO® 2018.

POST TRANSPLANT MANAGEMENT OF CHRONIC SIDE EFFECTS

11:20am – 12:00pm

Moderator

Terry Gruchow, PA-C, MHS

Moffitt Cancer Center

BIOGRAPHY: Terry Gruchow, PA-C, joined Moffitt Cancer Center as an Advanced Practice Professional with Department of Internal and Hospital Medicine in 2006. A graduate of the University of Wisconsin and Lock Haven University (Pa), his clinical responsibilities include the Moffitt Direct Referral Center (the Center's Urgent Care clinic) and the Inpatient Wards. His other responsibilities include Administrator of the Moffitt PA Student Mentoring Program and the Moffitt Student Shadowing Program. He is Adjunct Faculty at Barry University and South University. A member of The American Academy of Physician Assistants, Association of Physician Assistants in Oncology and Society of Hospital Medicine, he is a Distinguished Fellow at the Florida Academy of Physician Assistants. Terry is also on the Moffitt APP Council, has served as the PA Liaison to the FLASCO Board of Directors, and is a member of the South University PA Program Advisory Board.

Asmita Mishra, MD

Moffitt Cancer Center

BIOGRAPHY: Dr. Mishra's clinical and research interests include targeted post-transplantation molecular therapies for myeloid disorders and tailored transplantation therapies for diseases of the elderly, such as myelodysplastic syndromes. She is board certified in Medical Oncology, Hematology, and Internal Medicine. Dr. Mishra completed her fellowship at Moffitt Cancer Center in Hematology Oncology with a focus on transplantation for hematologic malignancies. Dr. Mishra spent her residency years at the University of Louisville and received her medical degree from St. George's University, Grenada, West Indies.

Marian Dam, DNP, APRN

Moffitt Cancer Center

BIOGRAPHY: Marian Dam is an advanced practice registered nurse (APRN) with the Department of Blood and Marrow Transplant and Cellular Immunotherapy since 2016. Marian earned her Doctorate of Nursing Practice at the University of South Florida. She completed additional clinical hours and course work in endocrinology, specifically management of Type 1 diabetes. Marian's clinical interests focus on cancers and associated therapies' impact on the endocrine system. She is also an adjunct faculty at the University of South Florida's College of Nurse Practitioner Program and serves as a clinical mentor to nurse practitioner students. In addition, her passion is to continue to volunteer among the underserved health and homeless population with not for profit organizations.

FLASCO: WHY YOU SHOULD BELONG & WHAT IS THE ROLE OF THE APP? *BEST PRACTICES*

12:30pm – 1:00pm

Winston Tan, MD, FACP

FLASCO Vice President

Associate Professor of Medicine

Vice Chair Hematology/Oncology for Education

Associate Chair Department of Medicine for Faculty Development

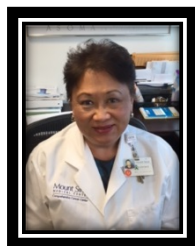

Chair Cancer Survivorship Program

Mayo Clinic Florida

BIOGRAPHY: Dr. Winston Tan is focused on translating basic science principles into tangible treatment options for patients with cancer. He is interested in the development of novel targets of therapy including immunotherapy that would lead to less toxic treatments for cancer. These treatments would also be able to lead to meaningful improvement of quality of life, prolongation of the time to cancer progression and hopefully improved survival. Dr. Tan's professional highlights are his leadership roles as Vice Chair of Hematology/Oncology Mayo Clinic Florida for Education, Associate Chair for Faculty Development, Department of Medicine, Mayo Clinic Florida, and member of Program Committee in the Florida Society of Clinical Oncology. He is a Fellow of the American College of Physicians, and Member Survivorship Committee of the American Society of Clinical Oncology. Dr. Tan is a passionate, empowering and focused cancer educator.

RADIATION TREATMENT *PHARMACEUTICAL ASPECTS*

1:05pm – 1:45pm

Moderator

Florence Buenconsejo, APRN, MSN, OCN®

Mount Sinai Medical Center

BIOGRAPHY: Ms. Florence Buenconsejo is the Director of Nursing and Social Work at Mount Sinai Comprehensive Cancer Center on both the Miami Beach and Aventura locations. Her entire nursing career that spans over a period of more than 20 years has been spent in oncology nursing. She has assumed various clinical, education and administrative roles in the field of oncology nursing.

Ana Botero, MD

Memorial Healthcare System

BIOGRAPHY: Dr. Ana Botero is a board-certified doctor of radiation oncology. She completed her radiation oncology residency at Mallinckrodt Institute of Radiology at Washington University in St. Louis, where she served as chief resident in her final year. After her graduation, Dr. Botero joined the radiation oncology faculty and served as Director of the Radiation Oncology Department at Veterans Hospital of St. Louis. Dr.

Botero's experience in radiation oncology includes IMRT, Rapid Arc, IGRT, HDR brachytherapy treatment, intracranial stereotactic and SBRT utilizing CyberKnife and Gammaknife techniques. Dr. Botero's experience also includes Y90-Liver microsphere infusion, thyroid therapy and overall Radiopharmaceutics.

Kimberly McDuffie, APRN, FNP-BC

Baptist Health South Florida

BIOGRAPHY: Mrs. Kimberly McDuffie is a seasoned Advanced Practice Registered Nurse with the hematology oncology department at Miami Cancer Institute. In her role, she assigns advanced practice providers to appropriate consults and addresses triage concerns regarding patients, ED, lab, imaging and hospital to hospital transfers. She has been in oncology for 50% of her nursing career. Prior to hematology oncology, radiation

oncology was her passion. She has a Masters degree in nursing education from Barry University, Masters Degree as advanced practice nurse practitioner; she has a Bachelors degree in nursing from Barry University. She is motivational in her approach allowing patients to cling to her for support during an extremely difficult chapter in their lives. She was selected by her peers for Nurse practitioner of the year at MCI in 2017 and nominated for a high ranking nursing award "Daisy Award". Prior to joining MCI, she was employed for the Sylvester Cancer Center department in radiation oncology for almost a decade. She is a member of the American Nursing association, Florida Nursing association and Oncology Nursing Society.

MOLECULAR THERAPY

1:50pm – 2:30pm

Moderator

Elizabeth DeCosmo, MSN, APRN-C, AOCN®

Advent Health Cancer Institute

BIOGRAPHY: Ms. DeCosmo is an Oncology Nurse Practitioner at Advent Health. She has 34 years of nursing experience and has spent 30 of those years in oncology and the last 15 in the advanced practice role as an Oncology Nurse Practitioner. For

three decades, I have participated in the exciting and ever changing landscape that is cancer care and continue to learn and be challenged everyday.

Martin Dietrich, MD, PhD

Advent Health Cancer Institute

BIOGRAPHY: Martin Dietrich, MD, PhD, is medical oncologist and geneticist. At the AdventHealth Cancer Institute, he is pioneering the precision medicine program and is involved in immunotherapy and targeted therapy trials. His specialties are malignancies of the chest. He also has a research interest in the biological properties

of cutaneous malignancies. A PhD in molecular genetics, personalized medicine and genetic testing has been a center piece of his career.

CLINICAL TRIALS

2:45pm – 3:15pm

Moderator

Wendy Migliore Sanchez, MSN, ARNP, AOCNP-BC®

Florida Cancer Specialists

BIOGRAPHY: Wendy is a certified advanced oncology nurse practitioner with Florida Cancer Specialists & Research Institute located in Largo, Florida. She has more than 18 years of oncology experience treating patients and families diagnosed with cancer and hematologic diseases. Wendy has been a nurse educator, clinical instructor for several nursing programs, as well as, a mentor for nurse practitioner students entering the field of oncology. She received her Associate Nursing degree from St. Petersburg College, Bachelors in Nursing from Florida State University and a Master's of Science in Nursing specializing in Oncology from the University of South Florida. She is a member of the West Coast Council of Advanced Nursing, Oncology Nursing Society (ONS), Florida Society of Clinical Oncology (FLASCO) and Advanced Practitioner Society for Hematology and Oncology (APSHO). She volunteers her time to several charities including "Spot me" screening program and the Phillip Bryant Melanoma Foundation.

MaryBeth Molloy, PA-C

Florida Cancer Specialists

BIOGRAPHY: Ms. MaryBeth Molloy is a physician assistant at the Florida Cancer Specialists & Research Institute in Fort Myers, Florida. She has worked in hematology & medical oncology as a physician assistant since 2009. She has played an active role on the clinical trial team at Florida Cancer Specialists & Research Institute serving as a sub-investigator for phase I, II, and III clinical trials. She has worked for several years as a guest lecturer with Nova Southeastern University's PA program in Fort Myers. She is an alumna of the University of Florida where she received her bachelor's degree in health science and earned her master's degree in medical science at Nova Southeastern University. She is a member of the Florida Academy of Physician Assistants and American Academy of Physician Assistants.

MULTIPLE MYELOMA

3:20pm – 3:55pm

Moderator

Jill Rouleau, APRN

Cleveland Clinic Florida

Chakra Chaulagain, MD, FACP

Cleveland Clinic Florida

Clinical Practice Chairman, Florida Society of Clinical Oncology

BIOGRAPHY: Dr. Chakra Chaulagain completed clinical and research fellowship in Hematology and Oncology at Tufts University, New England Medical Center in Boston, MA with emphasis in malignant hematology/bone marrow transplant. He completed Internal Medicine residency at John H. Stroger Jr. Hospital of Cook County/Rush University in Chicago, IL. Dr. Chaulagain attended medical school at Tribhuvan University institute of Medicine in Kathmandu, Nepal. Dr. Chaulagain is board certified in Internal Medicine, Medical Oncology, and Hematology. He is extensively published and researched in the area of malignant hematology and plasma cell diseases. His areas of expertise include multiple myeloma and AL amyloidosis.

Dr. Chaulagain is a member of the Florida Society of Clinical Oncology, serving on the Board of Directors and the Membership and Program Committees. He is also the fellow of American College of Physicians and member of ASH and ASCO. He has been working as a staff physician in Cleveland clinic since 2014.

Beth Faiman, PhD, MSN, APRN-BC, AOCN®

Cleveland Clinic Ohio

BIOGRAPHY: Dr. Beth Faiman received a bachelor of science in nursing and registered nurse certification at Ursuline College in Pepper Pike, Ohio, completed in 1996. She received a master of science in nursing and certification as an adult nurse practitioner at Kent State University in Kent, Ohio in 2002 and a PhD in Clinical Research and Nursing from Case Western Reserve University in 2014. Dr. Faiman holds an advanced oncology nurse certification through ONCC. She is currently employed as an Adult Nurse Practitioner in the department of Hematologic Oncology and Blood Disorders at the Cleveland Clinic in Cleveland, Ohio. She is adjunct faculty at Ursuline College, Case Western Reserve University and Kent State University. She received the 2012 Excellence in Medical Oncology and 2013 Commendation for Patient and Nursing Education Awards sponsored by The Oncology Nursing Society. Dr. Faiman is an active author, presenter, and educator on the topic of multiple myeloma, amyloidosis, plasma cell dyscrasias, general cancer diagnosis and treatment, as well as management of skeletal and other cancer complications. She is an appointed delegate on the International Myeloma Foundation Nurse Leadership Board. She is currently Editor-in-Chief of The Oncology Nurse APN/PA and on the editorial board of ASH Clinical News among others. She has edited several books and authored many chapters relating to diagnosis and management of multiple myeloma, blood disorders and has written numerous articles relating to the diagnosis and treatment of myeloma, palliation, and cancer symptom management.

A member of The American Academy of Physician Assistants, Association of Physician Assistants in Oncology and Society of Hospital Medicine, he is a Distinguished Fellow at the Florida Academy of Physician Assistants. Terry is also on the Moffitt APP Council, has served as the PA Liaison to the FLASCO Board of Directors, and is a member of the South University PA Program Advisory Board.

ANSWERING THE “WHY” & “WHAT” I NEED TO KNOW

8:00 am – 8:30 am

Winston Tan, MD, FACP

FLASCO Vice President

Associate Professor of Medicine

Vice Chair Hematology/Oncology for Education

Associate Chair Department of Medicine for Faculty Development

Chair Cancer Survivorship Program

Mayo Clinic Florida

COMMUNICATION: *EMPATHY AND HOW TO GIVE BAD NEWS-* JOURNAL ARTICLE AND DISCUSSION

8:35 am – 9:20 am

Ana Rosa Espinosa, DNP, MBA, RN, OCN®

Mayo Clinic Florida

BIOGRAPHY: Dr. Ana Rosa Espinosa is the Administrative Director of the Oncology Clinical Services at Memorial Cancer Institute. In her role she oversees the practice of all nursing and ARNP's. She is an exceptional Nursing Director with extensive education in nursing as well as business development skills. She has been in the oncology field for most of her long nursing career, and is Oncology Certify. She has a Doctor of Nursing Practice from the University of Miami, a Master's in Business from Nova Southeastern University and a Bachelors in Nursing from Barry University. She is a speaker, has published several nursing articles and has an interest in nursing research. She is promoter of higher education and supporter of nursing research and evidence-based practice. Prior to Joining Memorial Cancer Institute, she was the Nursing Director for the Outpatient Clinics at Sylvester Comprehensive Cancer Center. She is a member of the Florida Nursing Association and the Oncology Nursing Society. She is an active member in her community and is involved in many cancer events.

HOW TO MANAGE BLEEDING AND CLOTTING

9:25 am – 10:20 am

Objectives:

1. To explain the causes of clotting tendency
2. To prescribe anticoagulants to prevent DVT/PE and stroke and to treat DVT/PE
3. To explain the causes of bleeding tendency
4. To prescribe procoagulants and “reversal” medications to stop bleeding

Steven Fein, MD

Baptist Hospital of Miami, Baptist Health South Florida

BIOGRAPHY: Steven G. Fein, MD is a practicing Hematologist & Oncologist, specializing in nonmalignant hematology in Miami, Florida. Dr. Fein graduated from Johns Hopkins University School of Medicine in 1999 and has been in practice for 19 years. He completed a residency at Duke University Medical Center. Dr. Fein also specializes in Internal Medicine. He currently practices at Miami Cancer Institute and is affiliated with Baptist Hospital of Miami, Homestead Hospital and South Miami Hospital.

CLINICAL PEARLS FOR THE NEW ADVANCED PROVIDER

11:00 am – 11:45 am

Jessica McMillan, DNP, FNP, APRN-BC
Breast Cancer Treatment and Prevention Program
Mayo Clinic Florida

BIOGRAPHY: Dr. McMillan has been a member of the Mayo Clinic staff since 1998, in multiple roles. Currently, she serves as an Advance Practice Provider in the Department of Hematology/Oncology since 2010. She has also worked as a Clinical Nurse Educator and Charge Nurse/Team Leader in the surgical Intensive Care Unit. Dr. McMillan obtained her family Nurse Practitioner Certification from the University of North Florida in 2009, and went on to obtain her Doctorate of Nursing in Family Practice with a Sub-specialty in Palliative Medicine in 2015. She serves as a preceptor for physician assistant and nurse practitioner students at Mayo Clinic Florida School of Medicine. She also works as an Adjuvant Instructor for the University of North Florida where she inspires and mentors future nurses. She is very active with the Florida Society of Clinical Oncology and the Northeast Florida Advance Nurse Practitioner Association. Within the Division of Hematology/Oncology, she specializes in Gastrointestinal Malignancies but serves as a resource in all areas of solid tumors for her fellow colleagues. Her passion is patient care and education. She feels very fortunate to work with cancer patients where she able to utilize her skills and education to forge relationships for patients who face uncertain futures.

PHARMACOLOGY 101: MECHANISM AND TARGETS IN MEDICAL ONCOLOGY

11:50 am – 12:35 pm

Objectives:

1. To define the purposes of cancer therapy
2. To describe the differences among cancer therapies
3. To have a basic understanding of the mechanisms of actions of chemotherapy, hormone therapy, targeted therapies, and immunotherapy
4. To have a basic understanding of common toxicities for cancer treatments
5. To have an understanding of available resources for information regarding cancer therapies

Lindsay Williamson, APRN, MSN, AOCNP®
Saint Petersburg College

BIOGRAPHY: Lindsay Williamson is board certified as an Advanced Oncology Certified Nurse Practitioner as well as an Adult Nurse Practitioner. She received her BSN at West Chester University in West Chester, Pennsylvania and her MSN at La Salle University in Philadelphia, Pennsylvania. Lindsay has been an Oncology Nurse for 19 years with 11 of those years in the role of Nurse Practitioner. She has worked in a variety of settings including inpatient and outpatient as well as community based and academic based. Also, she has worked in a variety of roles including Oncology Staff Nurse, Infusion Nurse, ARNP in a community practice, Pharmaceutical Sales Representative and Clinical Operations Manager of the Lab Draw and Infusion areas at Moffitt Cancer Center. She is currently pursuing her DNP and teaching nursing students at St. Petersburg College and Pinellas Technical College.

HEMATOLOGIC MALIGNANCIES *BASICS OF TREATMENT*

1:15 pm – 2:00 pm

Objectives:

1. To understand the basic biology of hematologic malignancies
2. To recognize the basic treatment modalities of hematologic malignancies
3. To manage the basic complications of treatment of hematologic malignancies

Chieh Lin Fu, MD

Cleveland Clinic Florida

BIOGRAPHY: Dr. Kathy Fu has been managing patients in hematologic malignancies since 2001 at the Cleveland Clinic in Florida. Dr. Fu earned her medical degree at the University of Miami School of Medicine and completed her Internship at the Department of Medicine North Shore University Hospital-Memorial Sloan Kettering Cancer Center in Manhasset, New York. She completed a combined Clinical Fellowship of Hematology Oncology program at the Georgetown University Medical Center in Washington, DC. Additionally, Dr. Fu trained as a Research Fellow, Hematology Service, Department of Laboratory Medicine at the Warren G. Magnuson Clinical Center, NIH in Bethesda, Maryland.

BASICS OF CLINIC BILLING AND CODING & UNDERSTANDING PRIOR AUTHORIZATION

2:05 pm – 2:50 pm

Objectives:

1. To understand Evaluation and Management (E&M) coding
2. To differentiate between time-based and component billing
3. To know when E&M service can be billed with minor procedure
4. To be familiar with “Incident To” criteria
5. To know how to document to improve prior authorization

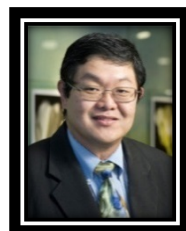

Rachel Rutledge

Operations Manager
Mayo Clinic Florida

BIOGRAPHY: Rachel Rutledge is an Operations Manager for Cancer Services at Mayo Clinic in Jacksonville. She began her Mayo Clinic career in 2017 as an Administrative Fellow and was previously a health industry auditor with PwC in Boston. Rachel obtained her undergraduate business, Master of Accounting, and Master of Health Administration degrees from The Ohio State University. Rachel is a member of the American College of Healthcare Executives and is involved in service and professional groups in Jacksonville.

Accreditation and Credit Statements

JOINTLY ACCREDITED PROVIDER*
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, the Medical Educator Consortium is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Physician - The Medical Educator Consortium designates this live activity for a maximum of 11.75 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nursing - The Medical Educator Consortium designates this activity for 11.75 contact hours. Pharmacotherapy contact hours for Advance Practice Registered Nurses will be designated on your certificate.

The program content has been reviewed by the Oncology Nursing Certification Corporation (ONCC) and is acceptable for recertification points. ONCC review is only for designating content to be used for ILNA points and is not for CNE accreditation. CNE programs must be formally approved for contact hours by an acceptable accreditor/approver of nursing CE to be used for recertification by ONCC. If the CNE provider fails to obtain formal approval to award contact hours by an acceptable accrediting/approval body, no information related to ONCC recertification or ILNA categories may be used in relation to the program.

Physician Assistant – The Medical Educator Consortium has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 11.75 AAPA Category 1 CME credits. PAs should only claim credit commensurate with the extent of their participation.

Disclosure Policy - The Medical Educator Consortium (MEC) adheres to the Joint Accreditation Criteria and ACCME Standards for Commercial Support, which requires everyone in a position of controlling the content of a CME/CE activity to disclose all relevant financial relationships with commercial interests related to the activity content. MEC has implemented a mechanism to identify and resolve all conflicts of interest prior to the CME/CE activity being delivered to learners. The source of all support from commercial interests will also be disclosed to learners prior to the beginning of the educational activity. CME/CE activities must be balanced, independent of commercial bias, and designed to improve quality in health care. All recommendations involving clinical medicine must be based on evidence within the medical profession.

Disclosure of Unlabeled Use - This educational activity may contain discussion of published and/or investigational uses of agents that are not indicated by the FDA. The planners of this activity do not recommend the use of any agent outside of the labeled indications. The opinions expressed in the educational activity are those of the faculty and do not necessarily represent the views of the planners. Please refer to the official prescribing information for each product for discussion of approved indications, contradictions, and warnings.

Disclaimer - Participants have an implied responsibility to use the newly acquired information to enhance patient outcomes and their own professional development. The information presented in this activity is not meant to serve as a guideline for patient management. Any procedures, medications, or other courses of diagnosis or treatment discussed or suggested in this activity should not be used by clinicians without evaluation of their patient's conditions and possible contradictions and/or dangers in use, review of any applicable manufacturer's product information, and comparison with recommendations of other authorities.

**11th Annual Great Strides Together with
Rapid Integration Course
Friday, May 17 and Saturday, May 18, 2019
Weston, FL**

FACULTY DISCLOSURE (Onsite Handout)

The Medical Educator Consortium in accordance with the Accreditation for Continuing Medical Education (ACCME) Standards for Commercial Support (SCS) will disclose any relevant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services by anyone in control of content.

As a Joint Accreditation (JA) Provider decisions in the planning process of this conference were made free of the control of commercial interests. All individuals who are in a position to control the content of this educational activity have disclosed all relevant financial relationships with any commercial interest to the provider. In accordance with the JA Provider's Conflict of Interest & Resolution Policy, any conflict of interest pertaining to this CME/CE Activity have been resolved. This disclosure includes all persons in control of content to include staff and educational committee members involved in the planning process.

The ACCME defines a “commercial interest” as any entity producing, marketing, re-selling, or distributing health care goods or services, used on, or consumed by, patients. The ACCME does not consider providers of clinical service directly to patients to be commercial interests.

The Florida Society of Clinical Oncology

FLASCO was formed as a statewide 501C3 nonprofit organization committed to facilitating and promoting multidisciplinary efforts to improve patient care in Florida. FLASCO continues to make strides in promoting excellence in care of patients afflicted with cancer and hematologic disorders and leads efforts to respond to policies and legislation that threaten to compromise patient access to quality cancer care. FLASCO is gaining momentum as more professionals use us as the catalyst to develop partnerships, share knowledge, and stand together to demonstrate strength and determination to move forward in the battle against cancer.

FLASCO consists of over 3,000 members that include physicians and their supporting staff, allied healthcare, and industry representatives that represent the oncology professionals of Florida. FLASCO will continue to be recognized as a nationally respected state professional society as we stand together as ***“the Voice of Oncology in Florida”***.

Cleveland Clinic Florida

Cleveland Clinic Florida, located in Weston, West Palm Beach, Palm Beach Gardens and Parkland, is a nonprofit, multi-specialty, academic medical center that integrates clinical and hospital care with research and education. Cleveland Clinic Florida has 255 physicians with expertise in 55 specialties. The medical campus is fully integrated and includes diagnostic centers, outpatient surgery and a 24-hour emergency department located in the state-of-the-art hospital. Cleveland Clinic Florida ranked #1 among the best hospitals in the Miami-Fort Lauderdale metro area and fifth in Florida in US News & World Report's 2016-2017 ranking of Best Hospitals metro area rankings. Cleveland Clinic Florida is an integral part of Cleveland Clinic in Ohio, where providing outstanding patient care is based upon the principles of cooperation, compassion and innovation. Physicians at Cleveland Clinic are experts in the treatment of complex conditions that are difficult to diagnose. For more information about Cleveland Clinic Florida, visit www.clevelandclinicflorida.org. Follow us on [Twitter](#) and [Facebook](#).
