The background of the slide is a gradient from orange at the top to purple at the bottom. Overlaid on this is a complex network of white lines connecting various sized white and light-colored circular nodes, creating a web-like structure that suggests connectivity and data flow.

# Rapid integration: Why and How and What of Hematology/ Oncology

Winston Tan MD

Professor of Medicine

President FLASCO

# Agenda

Making Strides-partnership

History and physical examination

Breast examination

Pancytopenia

Radiation oncology ,surgery

Anemia, leukemia

Dyspnea evaluation

infections

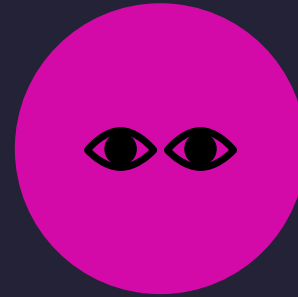

# Introduction

- How we learn

# We remember what ?

20% of what we hear

30% of what we see

50% see and hear

90% of what we hear, see  
hear and do

# How do we learn: PRINCIPLES

I hear I  
forget

I see I  
remember

I do I  
understand

# Approach

Consolidate the concepts that is being learned

Link prior knowledge and concept currently thought

Opportunities to apply what is learned

The way to get started is to quit talking and begin doing.

- Walt Disney

# Summary

Invest

Inspire

Innovate

# Thank You
