Accreditation and Credit Statements

JOINTLY ACCREDITED PROVIDER
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, this activity has been planned and implemented by The Medical Educator Consortium and the Florida Society of Clinical Oncology. The Medical Educator Consortium is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

IPCE CREDIT™

This activity was planned by and for the healthcare team, and learners will receive 6.0 Interprofessional Continuing Education (IPCE) credit for learning and change.

Physician The Medical Educator Consortium designates this internet live course for a maximum of 6.0 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nursing The Medical Educator Consortium designates this activity for 6.0 contact hours. Pharmacotherapy contact hours for Advance Practice Registered Nurses will be designated on your certificate for participation.

The program content has been requested for review by the Oncology Nursing Certification Corporation (ONCC) and is acceptable for recertification points. ONCC review is only for designating content to be used for ILNA points and is not for CNE accreditation. CNE programs must be formally approved for contact hours by an acceptable accreditor/approver of nursing CE to be used for recertification by ONCC. If the CNE provider fails to obtain formal approval to award contact hours by an acceptable accrediting/approval body, no information related to ONCC recertification or ILNA categories may be used in relation to the program.

Physician Assistant The Medical Educator Consortium has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 6.0 AAPA Category 1 CME credits. PAs should only claim credit commensurate with the extent of their participation.

Pharmacist This Application-based activity has been approved for 6.0 contact hours (.06 CEU's) by The Medical Educator Consortium for your participation. The Universal Activity Number for this program is JA4008179-9999-20-008-LO1-P. Your CE credits will be electronically submitted to CPE Monitor® within 60 days upon successful completion of the activity.

Disclosure Policy The Medical Educator Consortium (MEC) adheres to the Joint Accreditation Criteria and ACCME Standards for Commercial Support, which requires everyone in a position of controlling the content of a CME/CE activity to disclose all relevant financial relationships with commercial interests related to the activity content. MEC has implemented a mechanism to identify and resolve all conflicts of interest prior to the CME/CE activity being delivered to learners. The source of all support from commercial interests will also be disclosed to learners prior to the beginning of the educational activity. CME/CE activities must be balanced, independent of commercial bias, and designed to improve quality in health care. All recommendations involving clinical medicine must be based on evidence within the medical profession.

DESCRIPTION OF ACTIVITY—This meeting includes CME/CE credits designed for oncology physicians, pharmacists, nurses, nurse practitioners, physician assistants, as well as other healthcare professionals involved in the management of cancer patients. **Rapid Integration** focuses on new to oncology practitioners, integrating major advances in basic sciences and how to apply them into the routine clinical practice, and hence to deliver a more personalized medicine to our patients. The schedule will include 30-45 minute presentations from speakers from a variety of practices to teach basic skills that are important for the new practitioner in a hematology and/or medical oncology practice that will lead to rapid integration into the oncology workforce.

CONFERENCE OUTCOME MEASURES—Participants should be able to apply the knowledge acquired during this conference to improve their competence, performance, and/or patient outcomes in the daily treatment of their patients. To measure attendees perceptions of these gains, they will complete an evaluation form after the conference.

OBJECTIVES At the end of this course attendees will be able to:

1. Recognize the benefits of using APPs, Physicians & RNs to provide quality patient cancer care and management.
2. Discuss disease specific information and innovative treatment modalities for patients.
3. Describe the best practices of APPs, and RNs within the oncology practice.
4. Discover the benefits of the team approach to the care of cancer patients; utilizing interdisciplinary methods to improve access to care and patient satisfaction.

FLASCO believes that Advanced Practice Providers (APP) including, Physician Assistants (PA) and Advanced Practice Registered Nurses (APRN) have advanced clinical knowledge and skills designed to provide direct and indirect care for oncology patients. As a result of the existent data that supports the safe utilization of APPs in many clinical settings and the growing body of knowledge confirming this benefit in Oncology care, FLASCO endorses the integration of APPs in our care delivery model.

Why you should be a member of FLASCO: FLASCO provides a litany of services to all Oncology focused providers for the state of Florida. The FLASCO Board of Directors continuously search for ways to connect and provide value to its members. The more you are involved the more you will benefit from this complimentary state society created for you, the oncology focused practitioner.

How the APP Consortium has committed to serve you: The APP Consortium is a committee created to identify the needs and gaps of Florida APPs. The APP Consortium is developing a networking and virtual one stop shopping page on the FLASCO website to assist with your challenges you encounter as an oncology APP. The APP Consortium page will be found on the FLASCO website WWW.FLASCO.ORG until your page is live, look here for upcoming conferences both live and virtual, as well as up to date drug updates and other oncology news.
